

Social Media - Swipes

Hello and thank you for purchasing our product! We highly recommend you to read through this guide before using the package.

It is extremely easy to use:

- Open or import **Social Media - Swipes.aep** in After Effects
- You can see all the available elements in the Project window, all of them can be used and adjusted in the same manner
- Drag & drop an element to the timeline and turn on the **Collapse Transformations switch**
- Open the composition and select an orange **_controller** layer to adjust the available element parameters
- All the elements are auto-resizable, so you can use any resolution and aspect ratio

This package is a part of the [Shapes Bundle](#), purchase it and get much more shape elements to use!
