Corporate Style Pack

After Effects pack with 214 scenes for creating corporate presentations, company profiles, infographics, promo videos and event openers. It contains clean elegant templates transferring a motivational spirit, the high level and the power of your business for the audience.

Minimalist shapes, discreet colors, and maximum usability for your work - this is how we tried to do it for you. Bright contrast, a great variety of forms and playful round elements are created for you to pack corporate information in an interesting and engaging way.

The elements in compositions are compatible with each other, so you can combine several compositions and create a promo or an opener or a series of videos for your media. Mix the posters and get more videos in one style.

Present your skills, team, speakers, website and social media, type your quotes and keywords. Public your video on social media, show it at forums, conferences and meetings.

How to edit a project.

1) To edit the project, open folder 01. or go to the Preview composition and double-click on the desired composition. In it you will see compositions with text and images that you can change. All of them are marked on the timeline, so you can edit the project sequentially and not get confused

2) for example, open the song Colorfull_34. Text editing layers are highlighted in green. Double click and you will be able to enter your text. In addition, you can see the composition for your placeholder on the timeline or in the Colorfull_34 folder. Open it to insert your photos or videos.

Other compositions in the project are edited using the same principle.
