

# INTENSE THRILLER

## **INSTRUCTIONS:**

Install the given fonts (not compulsory).

Open the project file.

Import the images, videos, music and logo.

At Project panel, you will see the folder “**Editables**” Open it.

Then you will see a sub folder “**!Music**” at first, Open it

Then you will see two music comps, Open it.

Just drag and drop the music into the comps you have opened.

Then go back to the folder “**Editables**”

Then you will see the comps(**Intro scene, Outro scene, Scene 1,2,3,4,5,6,7,8,9**)

Open any one it, you will see the respective media and text comps.

Then open the media comp and drag and drop your media into it.

Then open the text comp and edit the text.

Do the same for rest of the scenes.

Watch video tutorial to know **how to add black and white effect** to this project.
