Instruction Steps

Adobe After Effects CS6 (software) or newer version required to open and edit the template file.

First download font and install

-----Here are a few instructions that will help -----

Folder "02. Edit Me"

Here you can edit text and media for your project .

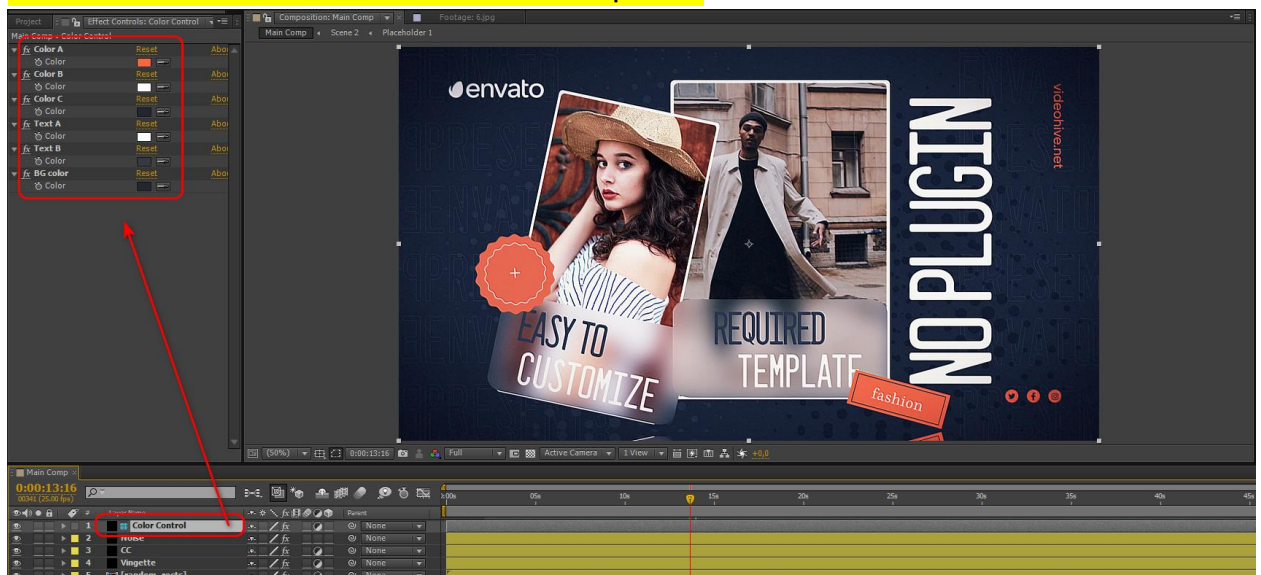

Open **“Placeholder ##”** composition from **“02. Edit Me ”** -> **“Placeholders”** folder . Import your media and drag into timeline.

Open **“Scene ##”** composition from **“02.Edit Me”** -> **“Scenes”**. Double click text and type your text.

You can edit color on **“Color Control”** panel

Modular Structure. You can change duration or delete any scene in timeline

-----AUDIO-----

In After Effects click on the menu option: File > Import > File (search the audio file, click on it, then click Open). Open the "Main Comp" folder. Open the composition Final Comp. Drag and drop your audio in this composition.

-----RENDER VIDEO-----

Open "**Main Comp**" composition. click on the menu option Composition > Add to render queue

Select the desired output format and the video location. Click on Render option.
