

Hello, dear colleagues!

Thanks for buying this template.
It's really easy to customize:

You can find all Title in the "All Title" folder.

In the Project Window you can find "Title 1 – 18" folder

In each of the "Title" folder you can find:

"Main Title" for render.

"Title" - here you can change text, color, width, height, thickness and radius by using "control" layer.

Font you can find [here](#)

Thats all

If you have any questions about this project, feel free to write me an email.
Hope you like it and again - thanks for buying.
