

Please note that some scenes use the same video.
To connect the scenes correctly, it is necessary to edit in time.

For example:
In #SCENE_03 and in #SCENE_04 VIDEO_06 must be the same video

- 1. Select #SCENE_04
- 2. Drag'N'Drop footage to VIDEO_06 (Same video as #SCENE_03)
- 3. Change start time to 0;00;01;24

Edit the timecodes of other videos in the same way

#SCENE_06 VIDEO_05 – **02:20**
