

Help File

CUSTOMIZATION INSTRUCTIONS :

Open the Project File in After Effect CS6 & Above

You can find the editable folder named as “EDITABLE” to edit the Logo,Music,Text...

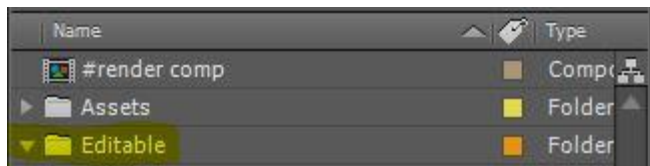

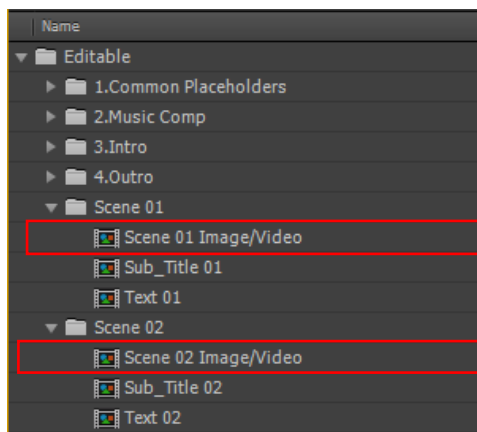

PHOTO / Video Place:

Open >Editable>Scene 01 > Scene 01 Image/Video

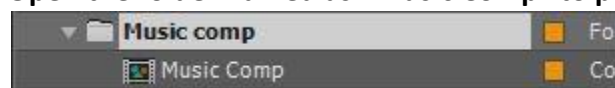

Open the Scene 01 Image/Video Composition

Drop down the Image/Video to Composition and Adjust the scale and size then Fix it

Same process for all other Placeholders.

MUSIC :

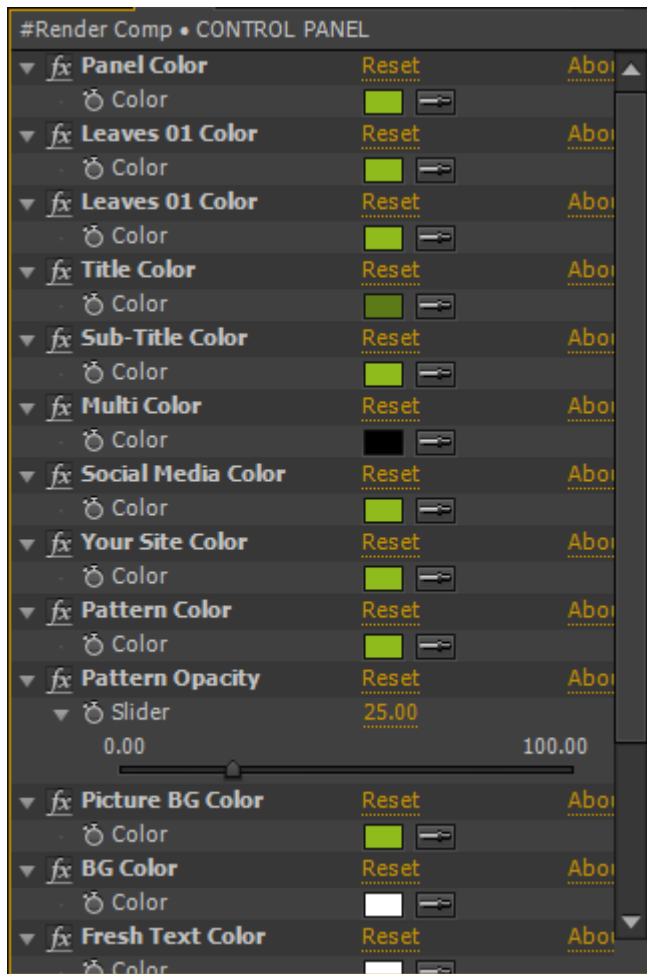

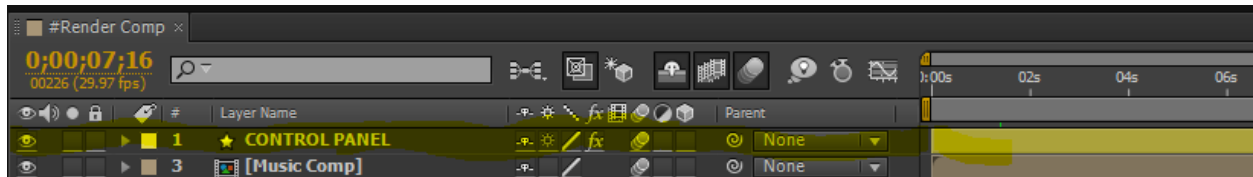

Open the folder named as “Music Comp” to place your Music

Double click the Music Composition and drop down the music which you want

CONTROL PANEL:

Layer > CONTROL PANEL

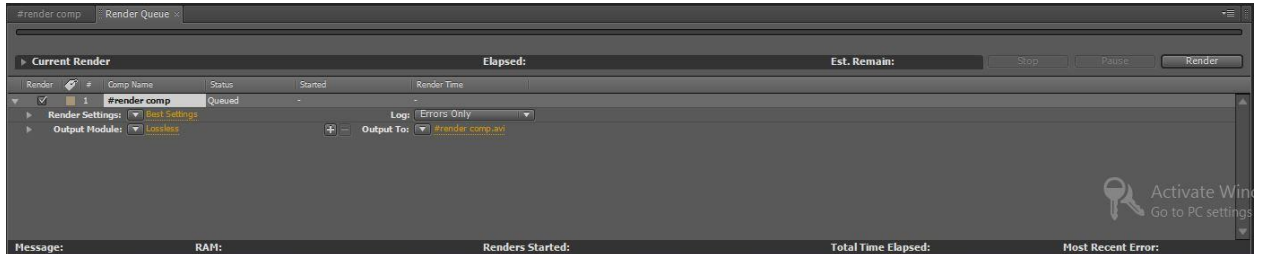

Color Control & Opacity Control are there.

RENDER:

Finally Find the render composition name as “#render comp”

Drop down the #render comp to Render Queue

Click the Render Button in right down side of screen
